Story

The Movement Compass.

Our children suffer from a lack of exercise! The consequences are serious: decrease in physical fitness, postural defects, problems with learning, decreasing creativity, lack of self-affirmation and less enjoyment of life. But this does not have to be! In their usual entertaining way, the successful author duo Katrin Linke and Karsten Brensing explain complex processes in our bodies and the latest scientific findings. In addition, sports professionals reveal their personal motivation tricks and numerous simple exercise tips encourage readers to be more active. That´s what makes exercise fun!
