### **Story**

**Erebos WAS ASLEEP... and has improved.  
...PEOPLE HAVE BEEN WAITING.**

**Imagine the harm Erebos could cause today.  
Through smartphones that are constantly online.  
Through Instagram, WhatsApp and Facebook.**

**Our media has immensely changed – and for Erebos it's time to use that!**

Ten years ago, Nick was addicted to *Erebos*. He had no choice and stopped the computer game. Now, he suddenly discovers a familiar red *E* on his smartphone display and *Erebos* starts to use Nick – this time, the other way around. Ignoring it is no option as it immediately punishes him. *Erebos* controls every technical device and monitors around. It manipulates Nick's job, his studies and his relationship – leaving him no choice but to play...

16 year old Derek on the other side is not really suspicious and even though Erebos demands strange things from him, it feels like an ally against the bullies at school and a companion in his difficult home. At the

time Derek realizes that he became Erebos' playing piece and behind it all, there is way more than he thinks.

## Ursula Poznanski

Ursula Poznanski is one of the most successful German-language authors of books for young adults. Her debut Erebos, published in 2010, received numerous awards including the German Youth Literature Prize) and made the author internationally famous. Her books can regularly be found at the top of the SPIEGEL bestseller list and are reviewed in the feature pages of well-known newspapers and on the culture pages of the internet. Ursula Poznanski lives with her family in the south of Vienna.
