Story

Matilda and Jette found an animal rescue centre

Matilda Mandelbaum is obsessed with helping animals. She only wishes she could help all the animals in the world. When she discovers that her neighbour's kitten is terrified of vacuum cleaners, she is determined to do something about it.

Horrible maths homework and various other mishaps get in the way, and her parents are not overly keen on sharing their house with animals. But Matilda and Jette, her best friend in the world, refuse to give up. Bravely they embark on their three-step animal-whispering plan. And that's not all – the friends are also determined to set up a real animal rescue centre.
