In The Vampire Sisters black & pink, we meet Sylvania and Daka at the age of eight-and-a-half. The twins stay with their Grandma and Grandpa, where they have lots of vampiric adventures! In these books, younger readers can discover the world of the vampire sisters before moving onto the 'big' series when they are ready.

What happens in Volume 5

Excitement among the Vampire Sisters: Granny is about to visit them in Transylvania! She wants to see Sylvania dancing in the huge performance. But something must be wrong because Granny doesn't remember anything and suddenly mixes up really everything. That's strange because who could be better informed about the world of vampires than the grandmother of two actual half vampires. Did maybe something hit her head? Daka and Sylvania need to find out what happened to Granny before any vampire notices her strange behaviour and expose her as a human.
