Story

She wants to lead a normal life. He wants to rise to the elite of Oslo.

Ellinor Skogen used to be a ghost. False name, no social media accounts, secluded elite boarding school. Only her best friend Lucas gave her a sense of normality - and that tingling feeling in her stomach. Until he finds out that she is the heiress of the leading Oslo biscuit company KOSGEN and breaks off contact. Today, almost six years later, she meets Lucas on her first day at work under a concealed identity. But instead of betraying her, he offers her a deal: He'll help her get into the company if she gives him access to Oslo's elite. But can this really work when the sparks between the two of them are more intense than ever?

**Experience seductive nights in Oslo in the second volume of the Crumbling Hearts series
