Story

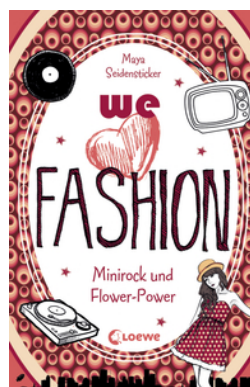

ARE YOU READY FOR SOME FASHION TIME TRAVELLING?

Hanna and Lucy are not just sisters; they also share a great passion for fashion. Lucy has set her heart on becoming a fashion photographer and Hanna has lots of talent for designing clothes. Together they visit the Bernstein Fashion Boarding School, where talented young people learn all there is to know about fashion. However, 15 year-old Lucy needs to pass the entrance exam first; it's a 80s style fashion show! Lucy hasn't got a clue about that decade! When the sisters start researching, something crazy happens: They find themselves, not at a 80s party as planned, but in a disco in the year 1985. Wherever Lucy and Hanna look, all they see are shoulder pads, headscarves and permed hair styles. They are totally confused, but once back in the present, the sisters realise that this was no crazy dream; they really can travel back in time together! Now they want to have a proper go and travel back to a particular time. Where was the real fashion scene happening in the 80s – could it be London?
