Story

Rosalea receives a special present: a magical music box that makes her greatest wish come true. She is transported to a magical realm and turned into a princess! Now she has to deliver the inhabitants of this realm from the curse of an evil enchantress. Luckily Rosalea has a secret recipe up her sleeve...

- one story sub-divided in several chapters, read by a child and a grown-up together
- the texts work like a role-play: the children read the part of the protagonist, while the grown-up reads the other characters as well as the voice-over
- the texts differ in font, layout and extent, adapted to the children's needs
- generous and colourful illustrations are immersed in the text: larger ones in the part of the grown-ups, and vignettes and smaller illustrations in the part of the grown-ups which help the children to follow the grown-ups' text
- ideal for parents and grand-parents who want to assist in the process of learning to read
