Story

Thrills in Space!

Nano and Auros are the heirs to the Space Fighters! They possess secret superpowers and are assigned a special task – to defend the Alliance of Free Planets against onslaughts by the Dark Kingdom, which aims to wrest control over the entire galaxy.

Along with android D3, Nano and Auros dash from one planet to the next in a turbo-powered rocket. The friends join together to fight their powerful enemy – this time, on the planet of the dragon spirits. There, the Dark agents have their sights on the mysterious Omega. If it should fall into the wrong hands, the dragon spirits will lose out forever!
