Story

NO RELAXING ON THE MOUNTAIN ALM

When Caro's mother tells her that she's going to get married because the pendulum has told her to, Caro is not exactly thrilled – but then she's told that she's expected to organise the wedding. As a surprise for the bridegroom, it's going to take place in an alpine wellness alm. What a catastrophe!

However, Caro thinks this could be an opportunity for her! Adam is her current heart-throb and he is offering to help! What could be nicer than an idyllic alpine alm setting and a wedding if she and Adam had an opportunity to get together at last?

But real life is not a soap opera! The wellness alm turns out to be a mountain hut with a stinking pig sty and any number of cows; Adam hangs out with Margot the exchange cow hand and the alpine farmer's son Leo is the biggest drag ever!

Sonja Kaiblinger's warm-hearted story is about failed attempts at flirting, an alpine idyll with cowpats, hostile cows, and a heroine who staggers from one disaster to another.
