Story

Start of a new series: under the sea lies hidden a wondrous world – but growing up as a mermaid is not all that easy. Luckily there is the Coral Crown mermaid boarding school where the little mermaids can share all problems of growing up.

In Volume 1 mermaid Alani is quite unhappy: she is sent to swim to the glittery fish-fine mermaid boarding school which is far away from home and her best friend Petin. Shark's fin alive! To make things even worse just when she has arrived at Coral Crown to start the biggest adventure of her life, Alani finds out that her parents are not her real parents. This comes as a big shock to her. Fortunately among the other mermaid girls she quickly finds a best friend, Tay. Together they set out to investigate Alani's past.
