Story

Pull out the Page!

- Each book has ten robust pull-out pages for play and exploration
- Non-fictional content
- Cheerful and multi-coloured illustrations

There's something going on in the animal world – all the animals are growing up! And in this pull-out book they take young readers with them on a journey through the woods, the jungle, the meadow and the ocean. There they meet a zebra, a snail, some fish and a baby monkey. By pulling out the pages, children can find out where the animals live, what happens to them and who else is hiding in the different habitats.
